CLOSING POP-UP BLOCKERS FOR
www.assessmentstation.com   MAC Users

Mac browsers such as Safari and Mozilla Firefox have pop-up blockers built in that must be turned off. Some newer Mac computers have the ability to open in a Windows environment and use Windows-based browsers (such as Internet Explorer). Please note - there may be multiple pop-up blockers installed either in the browser tool-bar or add-ons which were included with programs that have been installed. Often these additional pop-up blockers are ignored – **please remember to turn these off as well.**

The Prevue Assessment opens in a pop-up window and pop-ups must be allowed in the browser to gain access to the assessment -- in other words, ALL pop-up blockers MUST be disabled to allow the Prevue Assessment to function.

If pop-up blockers are not disabled, the candidate will receive a message that the assessment is open in another window, although this is untrue.

There are three ways to deactivate blockers to allow pop-ups on the Prevue Assessment's website:

1. Completely turn off the pop-up blocker.

2. You can also add the Prevue Assessment website to an "allow list". This will allow pop-ups for the Prevue Assessment's website only, while blocking pop-ups for all other sites. **RECOMMENDED**

3. Press and hold the CTRL key while clicking a link that opens a pop-up on the Prevue Assessment's website. This will override Pop-Up Blocker just for that one click and allow any pop-up windows resulting from the click to appear. You will have to hold down the CTRL key before clicking the link every time you click on a link that is currently being blocked.

Examples of Turning Off Pop-Up Blockers Using Mac Browsers

Instructions are given in the following pages for the Browsers listed below:

- Safari
- Firefox

Turning off the Pop-Up Blocker from the Safari Browser Tool Bar

Welcome to the Prevue Assessment

Thank you for responding to the invitation to complete a Prevue Assessment. The Prevue Assessment measures and matches a combination of work-related abilities, interests and/or personality attributes to the requirements of a position. You have been asked to complete the Prevue Assessment as part of a candidate selection or professional development process.

This online version of the Prevue Assessment is intended for individuals who are experienced and comfortable using a mouse or other form of pointing device to respond to questions on a computer screen. If you are not comfortable using a mouse, you should so advise the person who registered you to take this Assessment. Do NOT proceed to take your Assessment if you are not comfortable using a mouse or other pointing device.

Please note that in order to access the assessment you must use one of the following browsers: Internet Explorer 6.0 or above, Firefox, Netscape Navigator 6 or above, Opera 6.0 or above.

Please enter the user name and password (if applicable) that were provided to you:
